Forgotten Books, United States, 2016. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from *The Voice of the Scholar: With Other Addresses on the Problems, of Higher Education* The present volume contains a number of addresses on educational subjects delivered by the author on various occasions within the last five years. Most of them were first given to Stanford audiences. Of the others, *The University and the Common Man* was given at the University of Washington, that on *the Personality of the University* at the University of California, and that on *College Spirit* at the University of Missouri. That these discourses occasionally repeat each other or double on the same track is explained, if not excused, by the fact that the same author, in such cases, is dealing again with the same topic. The publishers express their indebtedness to the editors and publishers of the *Atlantic Monthly*, the *Popular Science Monthly*, the *Forum*, the *Cosmopolitan Magazine*, and the *Independent*, for the privilege of reprinting these addresses as published in the magazines in question.
